

Khristen G. Campbell

JR. FULLSTACK DEVELOPER

I possess a diverse range of skills in both business and technology, making me highly versatile. I have completed a bachelor's degree in System Engineering and a master's degree in IMBA. In every project I undertake, I'm eager to bring a distinctive mix of technical proficiency and a strategic mindset. With my capabilities and determination, I am confident in excelling in any role, be it within the business realm or the technical sphere.
